

This line tells you last month's read date to this month's read date. Also tells you the number of days in the reading period.

The previous read subtracted from the current read equals the usage. Usage is measured in units. A unit = 1,000 gallons

Solid Waste fees are based on the number of kitchen units in the residence or commercial dumpster service based on your needs.

Water base charge is determined by size of the water meter.

Monies generated from Line Replacement are in a separate account and used only for waterline replacements.

Sewer Base Charge is \$9.83 per month. Sewer-Residential is generally based on the January, February and March quarter from the previous year. The rate is \$2.22 per unit. The winter quarter usage for the sample bill is 4 units.

Sewer Commercial fees are based on business type and the volume of water consumption.
